*"The only way
to learn
mathematics
is to do
mathematics."*

Paul Halmos

Maths Newsletter - Summer

Hello, summer term! I hope that all of our pupils are enjoying the new term thus far. With the weather becoming brighter by the day, we look forward to spending some of our maths lessons learning outdoors. For the first couple of week of this term, the maths objectives per year group are as follows:

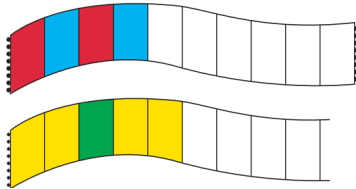

- EYFS: Number
- Year 1: Multiplication and Division
- Year 2: SATs preparation
- Year 3 and 5: Fractions
- Year 4: Decimals
- Year 6: SATs preparation

Did you know?

Maths is used in many careers, including these eight cool jobs: photographer, fashion designer, architect, musician, doctor, forensic investigator, video game designer and pilot! See Miss Armson if you would like more information on how maths is linked to these roles.

EYFS and KS1 Maths Challenge

Continue the patterns on each scarf.

Can you draw your own scarf with a pattern on?

Can you make your own pattern using shapes or objects?

KS2 Maths Challenges

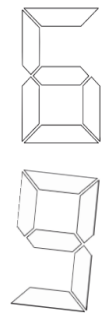

Amazing Fact

If you take any number, double it, add 10, divide by 2 and subtract your original number, the answer will always be 5.

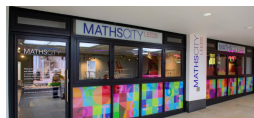

Challenge

See if this is true.

1. Double 5 = + 10 = ÷ 2 = - 5 =
2. Double 7 = + 10 = ÷ 2 = - 7 =
3. Double 3 = + 10 = ÷ 2 = - 3 =
4. Double 9 = + 10 = ÷ 2 = - 9 =
5. Double 4 = + 10 = ÷ 2 = - 4 =
6. Double 2 = + 10 = ÷ 2 = - 2 =

Year 5 trip to Maths City!

Last month, Year 5 paid a visit to Maths City in Leeds city centre. All pupils had a fantastic time experiencing many 'hands on' activities linked to maths (including a huge bubble wand and building a wooden igloo!) and learning how maths is imperative in many everyday situations. It was brilliant to see pupils using great communication skills and working as part of a team throughout the day.

Useful Maths websites to use with your child that contain interactive games:
